The Center for the Advancement of Critical Time Intervention (CACTI) was established in 2014 at the Silberman School of Social Work at Hunter College to support the broad dissemination of CTI and to ensure quality and fidelity in its implementation.

About Us

The Center for the Advancement of Critical Time Intervention (CACTI)

Contact Us

Email: info@criticaltime.org
Web: www.criticaltime.org

The Center serves a dual purpose:

1. It is a central hub for news about CTI programs, research projects, upcoming trainings, publications, conferences, webinars, and other helpful information.

2. Through the Global Network, the Center promotes collaboration among CTI trainers, practitioners, and researchers on promising adaptations and enhancements to the model.
**THE CTI MODEL**

*Critical Time Intervention (CTI)* is a time-limited evidence-based practice that mobilizes support for society’s most vulnerable individuals during periods of transition. It facilitates community integration and continuity of care by ensuring that a person has enduring ties to their community and support systems during these critical periods.

CTI has been applied with veterans, people with mental illness, people who have been homeless or in prison, and many other groups. The model has been widely used on four continents.

**TRAINING & CONSULTATION**

In-person and web-based training is available from certified trainers. For information about cost, locations, and post-training consultation visit the Training and Consultation page at [www.criticaltime.org](http://www.criticaltime.org). There you will find contact forms for face-to-face and web-based training.

Screening questions to help you determine if CTI is right for your agency are also available on the Training and Consultation page.

**CORE COMPONENTS:**

- Addresses a period of transition
- Time-limited
- Phased approach
- Focused
- Decreasing intensity over time
- Community-based
- No early discharge
- Small caseloads
- Harm reduction approach
- Weekly team supervision
- Regular full caseload review

**CTI PHASES:**

- PRE-CTI
- PHASE 1 TRANSITION
- PHASE 2 TRY-OUT
- PHASE 3 TRANSFER OF CARE

**THE GLOBAL NETWORK**

Join the CTI Global Network and create your Profile by visiting [www.criticaltime.org](http://www.criticaltime.org).

- You will be able to share strategies with others who have implemented CTI.
- Anyone with an interest in CTI can join the Network. Members have complete control over what information is available to others.
- As a member, you will have access to CTI materials, small expert-led webinars, and other member events.

**Profile**

John Doe
Name: John Doe
Location: New York, NY, USA
About Me: BA, University of Wisconsin at Madison MSW, Silverman School of Social Work at Hunter College

**Two easy steps:**

1. Register by clicking Join the Global Network.
   You will receive an email with a temporary password to log in to your account.

2. 

**Searching the member list:**

- You can search by the name of the person you are looking for.
- Or you can type a location, for example, New York.
- Or you can search for a specific population or area of interest, for example, veterans.
